ORGANISATION OF THE ABSTRACT

A suggested outline

Many abstracts are rejected because they omit crucial information rather than because of errors in what they include.

01 Choose a title that clearly indicates the topic of the paper and is no more than one line long.

02 In the abstract, state the topic clearly.

03 Make reference to prior work on the topic.

04 When essential to the clarity of the argumentation, present linguistic data (with glosses).

05 Explain abbreviations at their first occurrence.

06 If experimental results are not yet complete, present the provisional results in detail, and indicate the experimental design and the specific hypothesis tested.

07 State the relevance of your hypothesis to past work. Describe the analysis in as much detail as possible; avoid vague or unsubstantiated statements.

08 State the contribution to linguistic research made by the analysis.

C) Reviewer Instructions

3) People and Committees Page

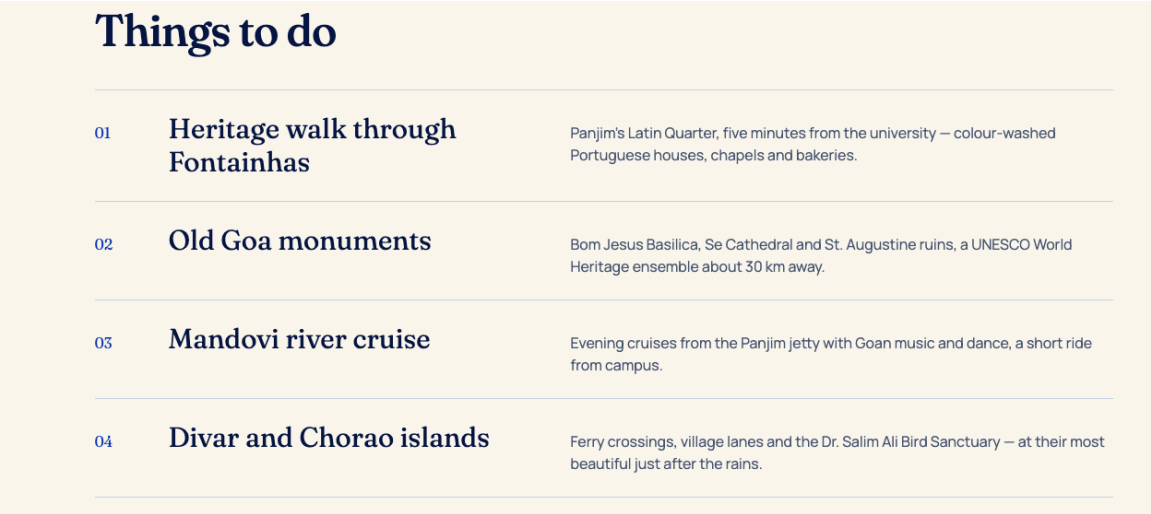

Information about speakers, organisers and the scientific committee in tabular cards.

4) Venue Page

A) Location of the conference and travel directions.

B) Information and location of hospitality partners.

C) Information about Goa and activities around the conference

Things to do

01	Heritage walk through Fontainhas	Panjim's Latin Quarter, five minutes from the university — colour-washed Portuguese houses, chapels and bakeries.
02	Old Goa monuments	Bom Jesus Basilica, Se Cathedral and St. Augustine ruins, a UNESCO World Heritage ensemble about 30 km away.
03	Mandovi river cruise	Evening cruises from the Panjim jetty with Goan music and dance, a short ride from campus.
04	Divar and Chorao islands	Ferry crossings, village lanes and the Dr. Salim Ali Bird Sanctuary — at their most beautiful just after the rains.
